

April 24, 2020

We wanted to bring your attention to bill that passed congress and was signed into law yesterday. This bill adds an additional \$320 billion to the SBA Paycheck Protection Program that is aimed at providing cash to small businesses during this crisis. This includes you, our customer. Some of the provisions in the bill include:

- Cash to cover payroll costs
- Cash to cover mortgage/rent payments
- Cash to cover utility payments
- No collateral or personal guaranty required

While we are sure you have at least heard of the bill, we want to make sure you understand the benefits included in the bill. We encourage you to reach out to your bankers for guidance on how the bill can help you directly as well as the steps that need to be taken in order to apply. If you can't find the answers you are looking for, we'll be glad to help point you in the right direction.

We are currently working on a list of community banks in our delivery footprint that are accepting and processing applications for the Paycheck Protection Program. We will forward that to you as soon as we have all the correct names and contact information for them.

We can't thank you enough for allowing us to serve as your food service distributor.
